

# TELE-Rod™ Telescoping Fiberglass Rods

## TELESCOPING ROD WIRE INSTALLATION TOOL

### FEATURES

- Made from high strength, low weight non-conductive fiberglass.
- Ideal for pulling and stringing communications wire, alarm system wires, Romex, Cat 5, telephone and thermostat wire.
- Positive twist locks for greater locking strength.
- Heavy duty threaded steel end for attaching hooks.
- Can be used with K-Hook (supplied) or optional J-Hook.
- Made in USA
